Comments or Explanation Why Merchant Needs a Free Wireless or IP Support Terminal:

This agreement allows the merchant to use a terminal free of charge as long as merchant is processing through NPP. Merchant agrees to pay all processing rates and fees including the statement fee, and monthly minimum as stated on the merchant agreement. Upon termination of the merchant account, merchant agrees that the equipment must be returned to NPP Corporate Headquarters. If the equipment is not returned within 30 days of termination, merchant agrees to pay the equipment retail value of \$450.00 for countertop terminals; \$750.00 for wireless terminals; \$145.00 for pin pads., and \$199.00 for an ePN ID Tech Unimag II Phone Card Reader. Furthermore, if the terminal is returned in a damaged condition as a result of misuse, merchant agrees to pay the above fees to replace the damaged equipment. NPP reserves the right to substitute different terminals than those listed due to availability. In the event that the terminal ceases to function, every effort will be made to get the terminal operational or it will be replaced with another terminal. Merchant agrees to pay all shipping charges associated with shipping the terminal back to NPP.

By signing below, merchant agrees to the conditions in this agreement and authorizes NPP to ACH debit merchant's bank account in the event that the equipment is not returned or damaged due to misuse.
